

Spring 1 Project Homework FS2

This half term we shall be learning around three mini topics: 'Winter', 'Dragons and Chinese New Year' and 'Food'. Below are a range of activities linked to these topics. You can decide whether, over this half term, you would like to focus on one area and complete all of the tasks linked to it or select a variety of tasks from different topic headings. We encourage you to complete as many as you feel you would like and look forward to sharing your work in class.

This half terms 'stay and play' session will be on Wednesday 5th February and there will be an opportunity to complete some of the homework at this session. The highlighted activities are the ones that you can complete at school.

We will be learning about this topic for 6 weeks. You will have the whole half-term to complete these tasks and therefore would expect you to bring in no less than 6 pieces of work. These may come in at any point during the half-term but no later than Wednesday 12th February. This can be done independently or as a family. Remember you can record this work online using Tapestry. Enjoy!
